CLASSIC

MALVAZIJA 2021

It shows a medium deep golden colour. Its nose is rather restrained at first but opens nicely with time. Youthful. White flowers, butter, wet stone, hay, and delicate ripe yellow flowers are found. Varietal character is not a priority here, a taste of Brda is. Very dry on the palate with moderate acidities which seem to be quite high for Malvazija Istarska. A texture is typical, quite oily, thicker. Flavour character on the palate is quite pronounced, more talkative than on the nose. Malvazija Istarska can be quite aromatic, but here the focus is on the structure and taste which seems to be long. It is hard to imagine a better wine companion with the white fish.

Drink from 2023–2028.
