NATURE SPEAKS TO
THOSE WHO LISTEN.

KOLOS 2018

Deep, youthful ruby colour. Quite intense, dense, and youthful on the nose. Spares no time to explain its immense nature. Abundant and layered nose of dark red fruits, black fruits is interweaved with gentle vanilla and pencil shave. Enormous but not pompous. Fine, complex. With time, when opens open, it still remains dense and compact. Dry on the palate with high acidities, tight and rich texture which gives a sense of fullness, boldness and concentration. Flavour character is intense, compared to duet lex it shows even more black fruits. In the manner of the best Bordeaux wines, it fears not a big tannic structure, which is massive at the time, but will enable great longevity. Huge, but enjoyable, composed with a touch of elegance.

Refined, composed, compact, layered, and tight on the nose. When more is more. Structure before flavour due to its youth but this one will stand its time. An outstanding example for laying down. Just smell your empty glass. Everything will be revealed.

Best from: 2025–2040.
